Copyright
Parliament passed the first
English copyright act, the
basis of all future copyright
laws.

C 1710

Duncan: Cal

1642-1727 Sir Isaac Newton

Another great chronologist. Later in life he became obsessed with properly dating the past. He used recorded eclipses, the rate of drift in the precession of the equinoxes, and careful measurements of stars, equinoxes, comets, and novae.

However, he insisted that the world was created by God in 4004 BC as

determined by bird collection
James Under (1581-1656)

1710
